Our school initiatives are on track to meet or exceed our targets

During 2022, we focused on maximising the benefits of this funding for our students. After reviewing our *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Implement a whole-school inclusive approach to support student learning for the range of students in each class.
- Review and analyse student data in reading and writing to inform differentiation and the next steps in the teaching and learning cycle.
- Provide small group differentiation and targeted extension experiences in English, linked to Explicit Instruction.
